

# Pattern Library

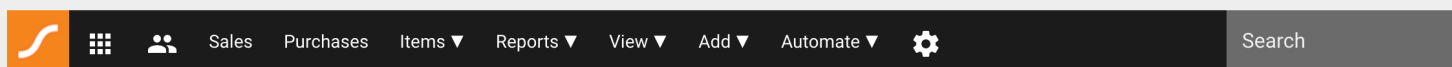

Brand Guidelines -> <https://www.saasu.com/brand-guidelines/>

Material Icons -> <https://design.google.com/icons/>

## Web App

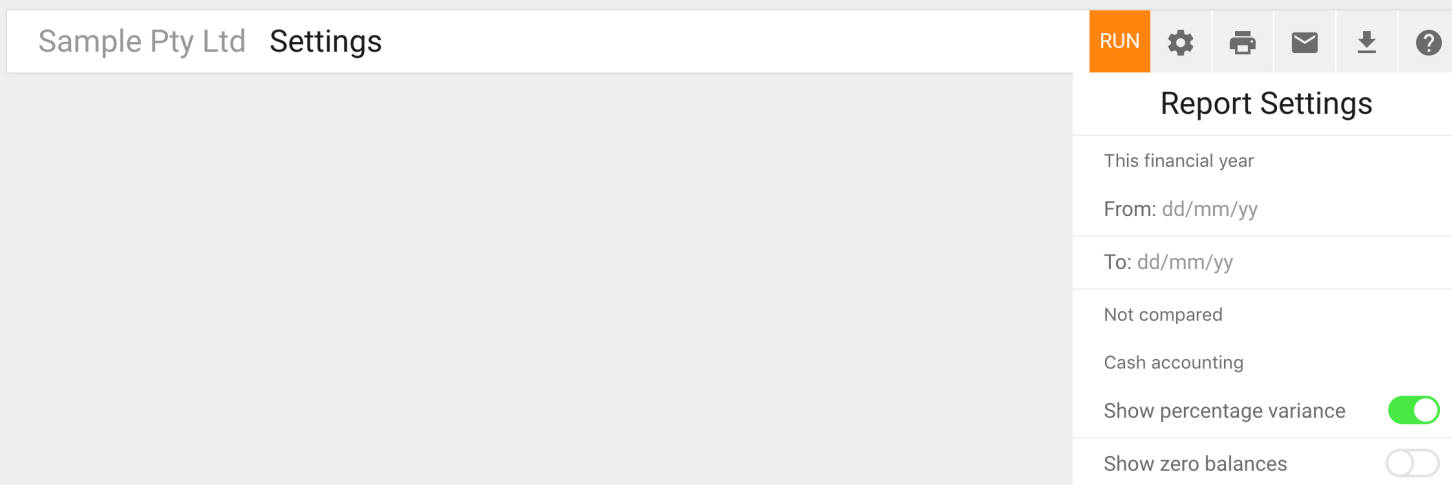

- **Navigation Bar - Normal** > For transaction and other entity UI's
- **Report Settings**
- **Reports**
- **Settings**

## Nav Bar

- Switches to hamburger menu when in mobile but remains full menu in tablet and desktop
- Switch point is at 1080px

## Report Settings

- Clicking Settings COG on report Header line reveals this menu
- Dark Text means feature is on. Grey text means it's off
- Padding needs to be consistent around text such that top=right=left=bottom
- Google Icons should be used
- Icons should vertically align in middle of cell space with text
- Switch to "Red" #00ffff text for field labels that fail validation or are required

## Reports

*[include menu here]*

*[include title and action bar here]*

Income

01 Oct 17 to 31 Oct 17

|                     |            |
|---------------------|------------|
| Sales               | 500.00     |
| Subscriptions       | 1,200.50   |
| Income Total        | 14,277.86  |
| Cost of Sales       |            |
| Broker fee          | 116.44     |
| Data Feeds          | 150.00     |
| Tran Fees           | 452.18     |
| Materials           | 13,559.24  |
| Cost of Sales Total | 14,277.86  |
| Gross Profit        | 104,877.56 |

Created: 24 Mar 16, Accounting: Accrual, Compare: None, Tag: None, percentage performance vs total income: No, Zero balances: No

- Ability to add/remove notes or logo isn't printed
- Ability to control font size using browser ctrl/command +/-
- Hovering over Logo, Header, Notes produces a model to edit or remove the item

## Settings

|                    |                 |      |
|--------------------|-----------------|------|
| <                  | <b>Settings</b> | SAVE |
| File identity      |                 | >    |

| Transactions       |                 | >    |
| Contacts           |                 | >    |
| Sales              |                 | >    |
| Purchases          |                 | >    |
| Chart of Accounts  |                 | >    |
| Inventory          |                 | >    |
| Payroll            |                 | >    |

- For use in Settings area and othe multi-page applications. e.g. future payroll screen update.
- Replacing existing tab style approach as found in existing webapp payroll and settings areas.
- Pattern is for mobile, tablet and webapp. Web app displays next layer to right if only two layers deep. Else drill down.
